PREFACE

In its centenary year (1965) the Palestine Exploration Fund decided, among other things, to publish an Index of the PALESTINE EXPLORATION QUARTERLY for the years 1911–1963. The Index has been compiled by Anne Robinson.

In the index-references, the two digits preceding the colon are the last two digits of the year; the numbers following the colon, and separated one from another by a comma, are the page-numbers of the QUARTERLY for that year. Thus, to take the first entry in the Subject Index (p. 66), " Aaron, 58 : 77, 88; 61 : 6, 95 " indicates that references to Aaron will be found in the QUARTERLY for 1958 on pages 77 and 88, and in the QUARTERLY for 1961 on pages 6 and 95.
